# Youth Glide New Zealand

## Our Membership Programme

### **Overview**

Thank you for considering becoming a member of Youth Glide New Zealand (YGNZ).

YGNZ is a not-for-profit organisation who facilitate young people into aviation in general, and gliding in particular. We do this by hosting, co-ordinating and providing administrative support for events around New Zealand at which like-minded young people (under 26) can access aircraft and launches at discounted rates. At these events, young people learn invaluable aviation skills, show leadership and most importantly, have fun! YGNZ often provides additional sponsorship of these events to make them even cheaper for those attending.

YGNZ is funded entirely by donations and grants, both of which are increasingly difficult to obtain. Our membership programme effectively provides us with a small yearly donation toward our activities which allows us to provide certainty in sponsorship of our training events.

Our only expenses each year are unavoidable bank fees, the rest of the money we raise goes towards flying.

We hope family, friends and organisations can get behind us to support these young people in having their first taste of flying, learning some great skills and meeting some like-minded people.

### **Membership Categories**

Social Member:

- Support towards our activities, typically by individuals

Associate Member:

- Support towards our activities, typically by organisations and businesses

Thank you in anticipation of your support,

*The YGNZ Team*
