

# Youth Glide New Zealand

## Donation

### Background

Youth Glide New Zealand (YGNZ) is a not-for-profit organisation who facilitate young people into aviation in general, and gliding in particular. YGNZ is funded entirely by donations and grants, both of which are increasingly difficult to obtain. Donations, especially small recurring donations, provide us with certainty in our ability to sponsor our training events

Our only non-flying related expenses are unavoidable banking fees, the rest of the money we raise goes towards getting young people flying.
